### **BEST PRACTICE-3**

#### **Title of the Practice: Readers Club**

#### **Objectives of the Practice:**

Readers Club at B.Y.K College of Commerce is driven by the following Objectives:

- a) To inculcate reading habit amongst students.
- b) To provide an E platform for students to refer books related to subjects.

#### **The Context:**

To provide students with necessary subject related contents in the form of soft copy. E-Platform was created so that students can visit it according to their convince and refer notes.

#### **The Practice:**

The Readers Club was started to provide an E platform for students under college website. Students can access this website and use the contents uploaded by the college like, Notes-News Paper, E-Textbooks. The main limitation is that constant awareness has to be created amongst students to make use of this resource.

#### **Evidence of Success:**

It was observed that many students are making use of this Readers club. The students found the E-Content available on the site extremely useful. The list of students who have accessed the E text books is uploaded.

#### **Problems Encountered and Resources Required:**

It was observed that the students want various E-content related to soft skills. Howe ever the college can use blended learning method and the subject teachers can provide some of the information on Google Classrooms itself.
