DEPARTMENT OF COSTING

Dr.Mrs.Suneeta Pimpale
HOD, Costing

The costing department believes in the holistic development of the students. The department has been implementing 'Restructuring Program' at undergraduate level as per guidelines of Savitribai Phule Pune University with dedication.

The staff members make use of the various methods and techniques such as I C T based teaching, group discussion role play, industrial visits, guest lectures and power point presentations by the students. As a part of curriculum, the students of T.Y.B.Com. complete Internship programme of 60 hours. This helps them to learn the practical aspects of the subject. The students get opportunity to develop their communication skills, problem solving skills, creative skills, analytical skills, decision making skills and behavioural skills. The students are exposed to practical world of knowledge through case study, role play and industrial visits.

The teachers motivate students in preparing audio and video clips on various concepts of the subject Costing. 'Learning by Doing' is the aim of the department. For this various co-curricular and extra curricular activities and competitions are held for the students. To inculcate creativity and innovation among the students, teachers motivate students to participate in PPT Competition, Interview Competition and Group Discussion Competition held by the department.

At post graduate level, 'Non Costing' students take admission; for them the department organises 45 days 'Bridge Course' since 2014. This year Mrs.Sayali Patil conducted the Bridge Course for post graduate students.

Online presentation of M.Com. Part-1 students was conducted on various topics of Cost Accountancy by Dr.Mrs.Suneeta Pimpale. Individual presentations of S.Y.B. Com and T.Y.B.Com students was conducted by Mrs.Sayali Patil. Understanding basic concepts is very crucial for this subject. Taking this into consideration, Mrs.Sayali Patil motivated the students to prepare charts explaining important terms. Selected charts are exhibited on the department's walls.

Following guest lectures were arranged: C.A. Aboli Varude interacted with the students on 'Methods and Techniques of Costing'. She also discussed the topic of Marginal Costing and Decision Making in the second term.

C.M.A. Deepak Joshi discussed the topic of Cost Audit with the post graduate students. For bridging the gap between theory and practice, it is essential to interact with practising Cost Accountants. All faculty members discussed various issues with the senior Cost and Management consultant CMA RavindraDeodhar. Two online sessions with him in both the terms helped the faculty members to understand the intricacies of the practical world.

CMA KiranAher was awarded doctorate degree in this academic year. The college has appreciated his efforts by giving him Accountability Award. He has four publications to his credit and also has published various papers in seminars and conferences.

Counselling is the special activity of the department. Large number of students of the department prepare and appear for various professional examinations. Such students need 'Career Counselling'. Sometimes such students need to take unconventional decisions. In this process, they need guidance. This year Dr.Suneeta Pimpale, Mrs.Sayali Patil and Dr.Mrs. Indira Singh guided students in this regard. The parents too remain worried about their children's career. They too come with their queries, doubts and problems. Dr.Suneeta Pimpale and Dr. Indira Singh helped parents to come out of their problems. After the pandemic and use of social media have created mental issues. The mental wellbeing is of utmost importance

for the students of this age. Dr.Suneeta Pimple has conducted many sessions covering various issues particularly for the students who work hard but fail to score and remain always worried about it.

The peer mentoring is gaining more and more importance nowadays; senior students of the department work as the mentors to their juniors to help them understand reality of professional examinations.

❖ Activities for Holistic Development of the Students

Education is fundamental for achieving full human potential, developing an equitable and just society and promoting national development. Providing universal access to quality education is the key to India's continued ascent, and leadership on the global stage in terms of economic growth. The world is undergoing rapid changes in the knowledge landscape. With various dramatic scientific and technological advances, such as the rise of big data, machine learning and artificial intelligence, many unskilled jobs worldwide may be taken over by machines, while the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities, will be increasingly in greater demand.

Atmanirbhar bharat is not just a government policy, it is national spirit.

'Atmanirbharatra' is an eternal wealth. It unleashes boundless energy and synergises efforts to have collaborations and joint ventures. India has been endowed with a rich biodiversity, a unique culture, value system and human resources, particularly young population. MENTOR MENTEE PROGRAMME

Mentor Mentee Programme is a professional activity, a trusted relationship between mentor and mentees and a meaningful commitment. It needs a strong foundation of mentoring to build and retain a healthy workforce that can react quickly to change and can develop, adapt, and regenerate itself over time. This Programme is successfully carried out in our college from 2019 which was conceptualized by Sir Dr. M. S. Gosavi.

Keeping in mind the New Education Policy 2020 the mentor mentee program has identified core areas under which mentees were tuned. The mentees were given proper training regarding the Internship program which the third year students were expected to undergo for the first time for undergraduate courses. Under the mentor mentee programme the college felt it necessary to train the teachers before they guide the students. Under the guidance of respective mentors a proper manual with all the necessary explanations and formats was designed for students. The mentees prepared a power point presentation regarding the Internship Program. All the mentees were first trained by their mentors including the FAQ's which will be asked by the students. Each mentee who was a guide in his/her subject was later asked to present the Internship details to the students. As a result all the students of B.Com, BBA, BBA (IB) and BBA (CA) successfully completed their Internship and confidently faced the University Viva Voce regarding the same.

Throughout the year Mentors guided the Mentees to use Blended Mode of Learning in Classes using multiple modes of teaching including class room teaching, online lecture and conducting student's presentations etc. It enabled us to reach out to many students more efficiently and effectively, students also found it is easier to grasp whatever is taught using multiple modes of teaching.

This year due to Mentor –Mentee Program the teachers could guide the students to successfully complete their 60 hours of Internship Programme in different professional institutes and business organizations. Internships not only provided students with the first-hand experience in the real working world but also enabled them to understand the career trajectory for their desired job title. They learned how to apply the knowledge you have acquired during an internship to their future workplaces. In addition to this, it is an excellent learning curve for under graduates while meeting professionals and making connections in the professional world.

रिडर्स क्लब

मानवी मनाचा आणि त्यामध्ये असलेल्या अद्भुत शक्तीचा विकास मनन आणि चिंतनाने घडतो. आपल्याला यशस्वी व्हायचे असेल तर चिंतन-मननाशिवाय पर्याय नाही. चिंतनाची दिशा सकारात्मक असेल तर मन शक्तीशाली बनते आणि नकारात्मक गोर्हीचा विचार करणाऱ्याचे मन कमकुवत बनते. आजच्या स्पर्धेच्या विचारांचा प्रवाह कोणत्या दिशेने बाहतो हे बघणे अत्यावश्यक आहे. यासाठी बाचन व्हायला पाहिजे. प्रत्येक प्रकारचे वाचन बेगवेगळा आनंद निक्षित देते. वर्तमानपत्रे, मासिके, पुस्तके याचे बाचन आयुष्याला नवीन दृशी प्राप्त करून देते. माहिती, ज्ञान आणि कौशल्य मिळविण्यासाठी बाचनातून प्रेरणा मिळते. त्याचबरोबर वाचणाऱ्याची भाषा कौशल्ये आणि सर्जनशील क्षमता विकसित होतात.

विद्यार्थीदशा हा स्वतःला घडविण्याचा काळ असतो. या अनुषंगाने अनुभव समृद्ध होण्यासाठी विद्यार्थ्यांनी पुस्तकांशी मैत्री करावी हा हेतू डोळ्यासमोर ठेवून रिडर्स क्लब विविध प्रकारचे उपक्रम वर्षभर राबवत असतो.

यंदा विद्यार्थ्यांनी 'पुस्तकाचे परीक्षण कसे करावे यावर डॉ. सुनीता पिंपळे यांनी क्लबच्या विद्यार्थ्यांसाठी कार्यशाळा घेतली. विविध विषयांवरील पुस्तकांचे परीक्षण विद्यार्थ्यांनी केले. व्यवहारच्या समाजमाध्यमे या विषयाला अनुसरून केलेल्या एका पुस्तक परीक्षणाचा समावेश या अंकात केलेला आहे.

मुलाखत घेणे हे विद्यार्थ्यांचे कौशल्य विकसित व्हावे हा दृष्टीकोन समोर ठेवून व्यावसायिक संप्रेषण Business Communication या विषयाच्या विद्यार्थ्यांसाठी मुलाखती संदर्भात मार्गदर्शन करण्यात आले. पाच विद्यार्थ्यांचे गट बनवून प्रत्येक गटाने एकदा मुलाखत घ्यायची आणि द्यायची अभी आखणी करण्यात आली होती. या पद्धतीमुळे मुलाखत घेणा-याची विचारधारा आणि मुलाखत देणाऱ्याचा दृष्टीकोन समजायला विशेष मदत झाली. यामुळे मुलाखत देण्याची विद्यार्थ्यांच्या मनातील भीती कमी झाली. हा उपक्रम शैक्षणिक वर्षाच्या पहिल्या सत्रात राचविण्यात आला. दुसऱ्या सत्रात पुण्याच्या डॉ. सौ. मुचरिता मुद्दे यांची मुलाखत द्वितीय वर्षाच्या ऑनलाइन पद्धतीने घेतली. मनाचे आरोग्य आणि आत्मनिर्भरता यावर सुचरिताताईंनी मार्गदर्शन केले.

विद्यार्थ्यांचा व्यक्तिमत्त्व विकास व्हावा बासाठी विविध प्रयोग लायब्ररीच्या मदतीने केले जातात. विद्यार्थ्यांच्या विचारांना सकारात्मक दिशा मिळावी यासाठी विशेष प्रयत्न रिडर्स क्लब तर्फे केले जातात.

अनेक विद्यार्थ्यांची अशी तक्रार असते की आम्ही खूप अभ्यास करतो पण अपेक्षित यश मिळत नाही. पठवी आणि पदव्युत्तर

अभ्यासक्रमाबरोबरच महाविद्यालयाचे विद्यार्थी व्यावसायिक अभ्यासक्रम आणि स्पर्धात्मक परीक्षांची तयारी करत असतात. या सर्व प्रकारच्या परीक्षांची तयारी खूप वेगळ्या पद्धतीने करण्याची गरज असते. विद्यार्थ्यांच्या

क्षमता आणि अपेक्षा यामध्ये दरी असली तर अपेक्षित यश मिळत नाही. अशा विद्यार्थ्यांसाठी SWOC Analysis आणि त्यावर आधारित मार्गदर्शन डॉ. सौ. सुनीता पिंपळे यांनी केले.
